Dixon, IL – The Illinois Department of Transportation announces that weather permitting, construction work on I-88 near the US 30 interchange west of Rock Falls will begin today, Monday, July 10, 2017. Repair work will be starting on the two bridges carrying I-88 over Elkhorn Creek. Improvements include replacing expansion joints on the structures, making concrete deck repairs, and completing substructure repairs. M&M Concrete is the contractor for the \$434,169 contract that is scheduled to be completed by the end of September.

Traffic on I-88 will be restricted to one lane in each direction while the structure repairs are made. All the ramps at the I-88 interchange will be open throughout the project.

Please slow down and use extreme caution while driving through all work zones.
